

4XEM 12 Port CAT5E wall mount patch panel

4XEM Part- 4XWMC5EPP12

Upgrade your network with the 4XEM 12 Port CAT5E Wall Mount Patch Panel, the ultimate solution for seamless connectivity. This robust patch panel, backed by a 1-year warranty, is designed to meet Cat 5E cabling standards, ensuring reliable data transmission. With 12 Ethernet ports, it's perfect for managing multiple connections effortlessly.

The 110-Type Punch Block termination style simplifies installation, and the included T568A/T568B wiring diagram streamlines the process. In sleek black, this patch panel is not only functional but also stylish, blending seamlessly into any environment. Constructed with a durable steel and plastic composite, it's built to last, weighing in at just 11.01 ounces.

The package includes everything you need for a hassle-free setup, with 4 M5 screws and 2 zip ties to get you started. Upgrade your network infrastructure with the 4XEM 12 Port CAT5E Wall Mount Patch Panel and enjoy seamless connectivity and reliability.
