Features

- CAT6A compatible
- Easy to install
- Fits in standard 19" Rack/Server Rack
- Color: Black
- Shielded to protect against EMI/RFI interference
- 110-Type Pinch Block termination style
- Industry Standard IDC 110 terminal blocks for fast and simple cable terminations
- Accommodates 22-24AWG solid, shielded CAT6A cabling

Application

- **High-Performance Networking:** The CAT6A standard ensures superior performance, allowing for high-speed data transmission and reduced latency in your network.
- **Effortless Installation:** The rackmount design and included accessories, such as M6 screws, cage nuts, plastic washers, and zip ties, simplify the installation process, saving you time and effort.
- **Space-Efficient:** Occupying just 1U of rack space, this patch panel leaves room for other essential equipment in your network rack or cabinet.
- **Durable Construction:** Crafted from high-quality steel, the patch panel is built to last, ensuring long-term reliability even in demanding network environments.
