

4XEM 10 Port USB 3.0 Power Switch Data Transfer Hub

4XEM Part- 4XH710

Experience versatile connectivity and efficient power management with the 4XEM 10-Port USB 3.0 Power Switch Data Transfer Hub. Engineered for robust performance, this USB hub adheres to industry standards such as DC and PD and is powered by the GL3510 chipset. Equipped with 10 USB 3.0 Type-A ports, it offers impressive data transfer speeds of up to 5 Gbps, making it ideal for high-speed data needs. Each port delivers 5V 1.5A charging, allowing you to power multiple devices simultaneously with ease.

The hub's host connector, a USB-B to USB-A male interface with a removable cable, offers flexibility and ease of use across different setups. It's compatible with various operating systems, ensuring seamless integration across multiple devices. With a separate ON/OFF key switch, you have full control over individual port power, enhancing energy efficiency and extending device longevity.

Whether for professional or personal use, the 4XEM USB 3.0 hub is built to optimize device connectivity, streamline your workspace, and provide reliable data transfer and charging solutions, all backed by a 1-year warranty.

Features

- 10x USB 3.0 Ports
- Removable USB-B to USB-A host connector
- Supports High-speed 5 Gbps data transfer with 5V 1.5A charging per port.
- Independent ON/OFF Switches for each port
- OS Independent – compatible with Windows, Mac and more!
- Durable and Lightweight build
- Includes DC 36W power adapter and USB-B to USB-A cable.
- 1-Year Warranty

Application

- **Boosts Productivity for Professionals:** Connect and charge multiple devices at once, ideal for professionals needing fast data transfers and organized connectivity for devices like external hard drives, keyboards, and mice.
- **Efficient Power Management:** Each port has an independent ON/OFF switch, giving you complete control to power only the devices you need, saving energy and preventing device wear.
- **Streamlined Charging for Shared Spaces:** In meeting rooms or collaborative workspaces, this hub offers quick, convenient charging for everyone, supporting productivity without power outlet limitations.
- **Reliable and Safe for Educational Use:** Great for K-12 or college environments where multiple students may need to connect devices for projects, presentations, or collaborative assignments.
