

24 port Cat6/Cat5 Patch Panel 10G Support

MODEL NUMBER: H2-P8BN-PVA9

DESCRIPTION

This versatile 10G speed Ethernet network patch panel. Boasting 24 ports, it supports outstanding network connections up to 10 Gigabit speeds, ensuring lightning-fast data transfer rates. Compatible with Cat6, Cat5e, and Cat5 cabling, this panel is a perfect choice for home networking applications. Measuring 1U in height and 19 inches in width, it seamlessly integrates into standard 19 inch wall-mount and rack-mount enclosures, making installation a breeze. With gold-plated 8P8C ports, you can enjoy superior signal quality and enhanced durability. Upgrade your home network today with this high-performance patch panel.

TECHNICAL INFORMATION

NAME: FIBASOURCE 24-PORT CAT6 PATCH PANEL
TYPE: UTP PATCH PANEL, 19" RACK (1U)
COMPATIBILITY: CAT6, CAT5E, CAT5 CABLING
SUPPORT: 10G (10 GIGABIT ETHERNET)
MOUNTING: WALL OR RACK (WALLMOUNT / RACKMOUNT)
PORTS: 24 RJ45 PORTS
PUNCH DOWN BLOCK: YES (FOR CABLE TERMINATION)

PACKAGE DIMENSIONS

LENGTH: 26 CM
WIDTH: 8 CM
HEIGHT: 5 CM
WEIGHT: 850 G

KEY FEATURES

COMPLIANT WITH CAT6 STANDARDS FOR UP TO 10 GBPS PERFORMANCE.
STANDARD 19-INCH FORMAT FOR INTEGRATION INTO NETWORK RACKS.
IDEAL FOR STRUCTURED ETHERNET CABLING (CAT5E/CAT6).
PUNCH-DOWN TERMINATION FOR RELIABLE CABLE CONNECTIONS.
